

Weekly progress report			
Topic:	Chatbot – Final Project	Week No.	14
Course Code:	CSST101, CSST102	Term:	1st Semester
Course Title:	Advance Representation and Reasoning Basic Machine Learning	Academic Year:	2024-2025

Work Completed:

We are currently training our chatbot.

Challenges Encountered:

It's hard to adjust our model, it takes many days training because there is a gpu limit in google colab every day.

Solutions Implemented:

Fix our models thoroughly before training again

Tasks for Next Week:

Completely train our chatbot
