Weekly progress report			
Topic:	**Chatbot – Final Project**	**Week No.**	**15**
Course Code:	**CSST101, CSST102**	**Term:**	**1st Semester**
Course Title:	**Advance Representation and Reasoning Basic Machine Learning**	**Academic Year:**	**2024-2025**

Work Completed:

We have successfully trained the chatbot but the chatbot is still not conversational and does not answer correctly

Challenges Encountered:

Having to adjusting the fine-tuning code in order for the chatbot to be functional

Solutions Implemented:

Added more epochs and adjusted learning rate

Tasks for Next Week:

Train the chatbot with the adjusted fine tuning code and run tests to see if it works
